Dear In Jesus Christ, *Narbert Wohlfahrt*

Warm greetings from Kyerwa and in my family.

We all wish you a happy new Year with God's blessing in your daily activities. It is about two years since we visited Gutersloh but we always remembering your hospitality not only during our visit but also in our daily life in partnership.

We thank God for the last year, we had many things to attend such as preaching the word of God, S/school classes, confirmation classes, leading and making some instructions to various groups including youth groups, women groups and fellowships. We conducted some seminars on stewardship, HIV and Aids programmes in which we got support from Gutersloh. This is for affected and infected people we also conducted seminars on water sanitation us away of prevention to some diseases caused by un cleaned water. Another things were, paying school fees, building water tanks, repairing the solar system, new church buildings, repairing and finishing of the pastor's houses and Deaonic work. We thank your so much for what you have been supporting to us.

In the same year, we had a good time in conducting our partnership committee, where the chair person is Mr Obadia Mukuta and the secretary is Elias Lugaju. We are doing fine and our financial reports have been sent to the chair person in Gutersloh. Thank you so much.

Lastly we thank God and we were happy in this January that Noemi the daughter of Renatha Roth had a private visit to us Kyerwa and Murongo. We thank God that she enjoyed her visit very much. We do invite other friends from Gutersloh

Again we wish you all the best and you are all welcome ni Kyerwa – Murongo. Convey our warm and lovely greetings to your family, friends and all partnership members.

Yours Yaredi Wakami
Kyerwa District.

Note. the solar lamps are still working.
